FITNESS CLASSES

Loyalist Township offers a wide variety of daily fitness classes for all fitness levels! Whether you're new to fitness or looking to enhance your training routine, we have a class for you!

We have membership options available, along with drop-in rates, so you can choose what works best for you. You can find our complete Fitness Schedule by clicking here - and your first class is free to try!

Core Fitness

Your core is more than your abs, and our bodies rely on a strong core to protect our backs, hips and knees, as well giving us balance, dynamic mobility and power. This class will use progressive standing, sitting and mat exercises to engage our core muscles in a variety of movements that will help participants build a solid foundation for any kind of physical activity.

Gentle Stretch

This class uses a chair for support in both standing and seated stretches. It is a great place to be if you are just starting back into fitness, looking to improve balance, wanting to increase mobility and flexibility, or if you just want to start the day off with a good old-fashioned stretch!

Fitness Circuit

This circuit training class combines strength and cardio training for a full body workout using a variety of equipment. Work at your own pace or push yourself to a new level!

Yoga & Mat Pilates

This class combines elements of yoga, Pilates, and traditional stretches for a full body release. We will use equipment like foam rollers and trigger point balls for an enhanced stretching experience.

Strong Seniors

You're only as strong as you feel! This program is designed for seniors of all abilities and fitness levels. Our instructor will focus on exercises appropriate for maintaining bone mass, improving muscular and joint strength, endurance, and will wrap up with full body stretches.

Tone & Sculpt

What is the best way to tone your muscles? Cardio intervals and weight training! Our instructor uses a variety of equipment and exercises to challenge your entire body. Class wraps up with full body stretches.

Yoga

Students will gain an understanding of postures, breath work and energy flow. Classes focus on moving safely between each position while improving your ability to flex, bend, balance and gain strength.

Zumba

Everybody and every body! Each Zumba® class is designed to bring people together to sweat it on. We take the "work" out of workout, by mixing low-intensity and high-intensity moves for an interval-style, calorie-burning dance fitness party. Once the Latin and World rhythms take over, you'll see why Zumba® Fitness classes are often called exercise in disguise. Super effective? Check. Super fun? Check and check.

PARENT & TOT LEVELS

PARENT & TOT SWIMMING LESSONS (4 MONTHS TO 3 YEARS)

Spend quality time with your child while you both have fun and learn and socialize.

Through structured in-water interaction between parent and child, we stress the importance of play in developing water-positive attitudes and skills. We provide Lifesaving Society Water Smart® tips on keeping your child safe in any aquatic setting. Certified instructors provide guidance and answers to your questions.

Because activities and progressions are based on child development, you register in the level appropriate for your child's age: 4–12 months, 12–24 months, or 2–3 years.

PRESCHOOL LEVELS

PRESCHOOL SWIMMING LESSONS (3 YEARS TO 5 YEARS)

Give your child a head-start on learning to swim. The Lifesaving Society Preschool Program develops an appreciation and healthy respect for the water before these kids get in too deep.
In our basic aquatic progressions, we work to ensure 3- to 5-year-olds become comfortable in the water and have fun acquiring and developing a foundation of water skills. We incorporate Lifesaving Society Water Smart® education in all Preschool levels.

Preschool 1

We encourage the parent to participate until their child lets them know they can do it themselves (thank you very much). These preschoolers will have fun learning to get in and out of the water. We'll help them jump into chest deep water. They'll float and glide on their front and back and learn to get their faces wet and blow bubbles underwater.

SWIMMER LEVELS 1-6

CHILDREN'S SWIMMING LESSONS (5 YEARS+)

The Lifesaving Society's 6-level Swimmer program makes sure your children learn how to swim before they get in too deep.
Swimmer progressions accommodate children 5 years and older including absolute beginners as well as swimmers who want to build on the basics.
We stress lots of in-water practice to develop solid swimming strokes and skills.
We incorporate Lifesaving Society Water Smart® education in all Swimmer levels.

Swimmer 1

These beginners will become comfortable jumping into water with and without a lifejacket. They'll learn to open their eyes, exhale and hold their breath underwater. They'll work on floats, glides and kicking through the water on their front and back.

SWIMMER 6

Swimmer 6

These advanced swimmers will rise to the challenge of sophisticated aquatic skills including stride entries, compact jumps and lifesaving kicks like eggbeater and scissor kick. They'll develop strength and power in head-up breaststroke sprints over 25 m. They'll easily swim lengths of front crawl, back crawl, and breaststroke, and they'll complain about the 300m workout.

SWIMMER LEVELS 7-9

SWIM PATROL/SWIMMER 7-9

The Lifesaving Society's 3-level Canadian Swim Patrol program provides enriched training for those who want to develop swim strokes and skills while having fun in the challenging world of lifesaving. Swim Patrol develops swimming strength and efficiency with emphasis on Water Smart® behaviour. Skill drills enhance capability in the water, good physical conditioning, and lifesaving judgment.

Swimmer 7/Rookie Patrol

Swimmers continue stroke development with 50 m swims of front crawl, back crawl and breaststroke. Lifesaving sport skills include a 25 m obstacle swim and 15 m object carry. First aid focuses on assessment of conscious victims, contacting EMS, and treatment for bleeding. Fitness improves in 350 m workouts and 100 m timed swims.

Day	Dates	Time	Classes	Capacity
Tuesday's	Jan 12 - Mar 9	5:45 pm to 6:45 pm	9	1/10/10

Resident Fees:
9 classes - $106.65
Non-Resident Fees:
9 classes - $127.89

Swimmer 8/Ranger Patrol

Swimmers develop better strokes over 75m swims of each stroke. They tackle lifesaving sport skills in a lifesaving medley, timed object support and rescue with a buoyant aid. First aid focuses on assessment of unconscious victims, treatment of victims in shock and obstructed airway procedures. Skill drills develop a strong lifesaving foundation.

Swimmer 9/Star Patrol

Swimmers are challenged with 600 m workouts, 300m timed swims and a 25 m object carry. Strokes are refined over 100m swims. First aid focuses on treatment of bone or joint injuries and respiratory emergencies including asthma and allergic reactions. Lifesaving skills include defence methods, victim removals and rolling over and supporting a victim face up in shallow water.

ADULT LEVELS 1,2,3

ADULT SWIMMER 1-3

The Adult Swimmer program is for beginners who may be just starting out or swimmers who just want to help with their strokes. Within the Adult Swimmer curriculum, participants set their own goals to develop water confidence and smooth recognizable strokes.

ADULT 1,2,3

Adult 1

Adult 1 is the entry point for adult swimmers, building basic water comfort and safety. Participants practice foot first entries and exits, treading water for 30 seconds while wearing a PFD, the fundamental underwater skills like breath-holding, Underwater exhalation, opening eyes underwater. They're introduced into floating and gliding on front and back, basic flutter and whip kick, and short distances for frontcrawl and backcrawl (10 - 15 m), plus Swim To Survive sequence and Water Smart safety messaging. It's geared towards swimmers with a little to no prior experience.

Day	Dates	Time	Classes	Capacity
Wednesday's	Jan 13 - Mar 10	7:30 pm - 8:15 pm	9	1/10/10
Wednesday's	Jan 13 - Mar 10	8:15 pm - 9:00 pm	9	1/10/10

Resident Fees:
9 classes - $106.65
Non-Resident Fees:
9 classes - $127.89

Adult 2

Adult 2 builds on that foundation with more independence in the water. Entries progressed to standing dives and forward rolls into deep water, and surface support exceeds to treading water for 1-2 minutes without the use of a PFD. Underwater skills include handstands and front somersaults, while movement skills introduce whip kick, breaststroke arms drill, and longer frontcrawl and backcrawl minimum distances (25-50m). Swimmers complete the full Canadian Swim to Survive standard (role entry into deep water, 1 minute of treading water, 50 m swim unassisted). A solid step up in stamina and technique refinement.

Adult 3

Adult three is the most advanced adult swimming level, geared towards stroke refinement and fitness. Entries become more dynamic (shallow dives compact jumps), and underwater skills include back somersaults and swimming underwater (5-10 m) to recover an underwater object. The focus shifts towards heavily on stroke mechanics, frontcrawl, backcrawl, breaststroke, eggbeater and scissor kick, much longer distances (50 -100 m). Fitness components include interval training, sprints, and a structured 300 m workout, reflecting a swimmer who's built towards continuous technical sound swimming.
