Dear Resident,

**Re: Amherst Island Flood Damage Repair Work**

I am following up on the letter Loyalist Township sent last month to all property owners in areas where we are planning to complete flood damage repair work on Amherst Island. Enclosed with that letter was also a draft Site Access Construction Agreement authorizing Township staff to complete flood damage repair work on property outside of the travelled portion of the road, without prejudice to the right of either party to dispute the ownership of any portion of the shore of Lake Ontario in the future.

I would like to thank those who have responded for their input. There are several property owners who we have not heard back from yet. It is important for us to receive your feedback to ensure any concerns we are not aware of are addressed. The draft design is available for review on the project website. Please visit [www.loyalist.ca/go/projects](http://www.loyalist.ca/go/projects) and click the link to Amherst Island Flood Repairs to find this information.

Public consultation is a critical component of our planning and design process and Loyalist Township remains committed to public engagement on this project during these extraordinary times. A virtual public information session is being prepared and will be posted on the project website as soon as it is ready. Residents will have the opportunity to submit questions after the presentation. A transcript of the presentation, as well as the questions and answers will be posted and sent by mail to island residents.

Please feel free to contact the undersigned at the phone number and email below at any time to discuss project concerns. I look forward to hearing your feedback and continuing to improve this on-going project with your support.

Yours truly,

Joe Gratton

Project Supervisor
