Re: Front Road and Stella Forty Foot Road Surveying Work

Dear Resident,

As part of the planned road and sidewalk improvements in the village of Stella, specifically, parts of Front Road and Stella Forth Foot Road, Loyalist Township arranged to have a legal survey of the road right of way. As part of this work, you may have noticed survey crews and locate companies in the area in the fall of 2021 as the surveyor completed their field work.

As part of the survey work, the legal boundaries will be identified and locations for possible future road widening will be mapped. This spring the surveyor will be finalizing the survey and placing any required property bars. At the same time the surveyor will also place bars marking the areas for future road widenings. This additional marking is being done strictly from an efficiency and cost perspective to make it easier to complete the road widening if future opportunities should arise. If you have any interest in selling a road widening section to the township and would like more information, please contact the Project Supervisor.

Currently, the design work is ongoing, and the complete scope has not been finalized; however, the result will include drainage improvements and the possibility of active transportation infrastructure. Timelines for any construction activity will depend on the final scope of the project and the amount of preparation work required in advance of construction. Loyalist Township has created a webpage to provide ongoing updates with respect to this project. Please visit <https://www.loyalist.ca/projects> and click the Front Road and Stella Forty Foot Road link.

If you'd like to learn more about the project, provide feedback or setup an appointment, don't hesitate to contact the Project Supervisor at the phone number or email below.

Yours truly,

Joe Gratton
Project Supervisor
