

Bid Irregularities

Major or Minor Irregularity and Mathematical Error

A bid irregularity is a variance between the requirements (terms, conditions, specifications, special instructions) of a bid request and the information provided in a bid response.

Irregular Results of a competitive procurement process are to be reported to Department Head and Treasurer.

For the purposes of this policy, a submission showing irregularities are classified as "major irregularities" or "minor irregularities" or "mathematical errors" and defined as follows:

A "major irregularity" is a deviation from the competitive procurement process request that affects the price, quality, quantity or delivery, and is material to the award. The bidder will be disqualified from the process. The Township must reject any offer submitted, which contains a major irregularity. The bidder will be notified of the rejection due to the major irregularity.

A "minor irregularity" is a deviation from the competitive procurement process request, which affects form, rather than substance. The effect on the price, quality, quantity or delivery is not material to the award. The bidder will be given the opportunity to adjust the irregularity and continue in the process. The Township may permit the person to correct a minor irregularity to make the submission compliant.

A "mathematical error" is a deviation in addition, subtraction, multiplication or division, or a transposition error which may or may not affect the total price. A mathematical error will be corrected based on the unit bid price, including sales tax amounts if applicable. Where the intent of the price, unit or otherwise is unclear, the bid may be declared non-compliant.

Refer to the Schedule "L" for a non-exhaustive list of examples of major and minor irregularities.

If, in the opinion of staff, any bidder has underestimated the value of the goods and/or services to be provided as reflected in its unit/bid price/fee, authorized staff may reject the bid as unbalanced (i.e., not representative of the scope of the supplies and/or services).

Schedule L – Bid Irregularities

The Financial Services department together with the requisitioning department will evaluate all submissions and may be required to disqualify a vendor's submission. The disqualified supplier will be advised prior to Council award. A formal letter will be issued, and a debriefing offered after the award; and

The Financial Services department may amend the list of irregularities as new actions arise.

Reasons for disqualification are outlined in the following table.
